

Dear Partners in Christ,

We are living in a different & difficult time in the world, the church & for all of us. Trying to explain to my senior mother that there is no vaccine available is easy enough but that “staying home” will save lives, our community, our city & even serve our country is a task in itself!

From the prophet Isaiah 40:28, “Do you not know? Have you not heard? The Lord is the everlasting God, the Creator of the ends of the earth. He will not grow tired or weary, and his understanding no one can fathom.”

The last part - his understanding no one can fathom- is the difficult part as HIS sovereignty reigns even in this COVID-19 time where we all learning to upload sermons with Zoom & Youtube while having worship, prayer meeting, Sunday school, and small group via the internet. It is the “scattered” church gathering in the air!

All May & June STMs have been cancelled but we are praying for June & July sharings with churches in the Toronto area, if God permits.

PTL our 1st granddaughter was born on 26/Feb in Mex City, Mexico. Both Jessica & the baby are in good health. Susana has become a famous name in Mexico these days, Su (your) sana (healthy) distance is a BIG word with COVID-19, but her name is Zoe.

Stay home, Susana distancia, Keep in prayer, Keep in touch.

A timely encounter with HIS sovereignty was the core for this STM. A quote from Zenas, a team member, illustrates my point, “We spent an innumerable amount of hours sitting on lawn chairs set on, what some would consider, a make shift raft; bookended with stretches of a 33 hour journey to begin and a 22 hour journey to end” plus 3 evening evangelistic meetings in a total of 5 days! Likewise sharing & preaching in Santa Cruz Chinese Church for Sunday worship and hosting a youth outreach meeting Mon. 3:30pm afternoon before we left Bolivia on Tuesday. Thus cutting short the STM trip, and adding an early return to Canada on Wed 18/3 just 3 days before a total country-wide lockdown in Bolivia on Sat. 21/March. This was HIS timing for us.
